

KSHA Point Request

If you have earned points in KSHA-approved Championship or Stake classes, you have the option of declaring how you want them distributed to your KSHA year-end point totals. Please use this form to identify how you want your points distributed. You should only assign Championship/Stake points to classes in which you are eligible to show and have already earned points.

If points are not declared, the pointkeeper will assign them to the most logical class (typically the class you qualified for the Championship in).
